Dear Student and Parent,

Please note the following details in regard to the AP exams, some of which were scheduled to take place this week. After consultation with the CollegeBoard organization, Fabius-Pompey students who were scheduled to take the English Literature and Composition, the U. S. History, and/or the Biology exams are approved to take those exams on a late test schedule, offered by CollegeBoard in emergency circumstances such as this. *This is the only late testing schedule available. These dates are not flexible.*

NEW DATES

U. S. History exam: **Wednesday, May 20, 8am – 12 noon** (place TBA)

***English Literature and
Composition exam:** **Friday, May 22, 8am – 12 noon**

***Biology exam:** **Friday, May 22, 12 noon – 3:30pm**

*These two exams (English and Biology) will still be administered at the community center in Fabius, and students will report there at 7:45 am / 11:45 am for their exam.

The **AP Physics exam which is scheduled for Monday, May 11, will take place as usual, due to the fact that this exam cannot be rescheduled because of a conflict in the late testing schedule with the AP English test.

If school is NOT in session on Monday, May 11, students will report directly to the high school at 11:45am for the Physics exam. They must provide their own transportation to and from the school in this case.

If school is in session, students will proceed as usual, attending classes in the am, and reporting to the community center at 11:45am for the test.

Should you have questions, please contact the guidance office at 683-5460.

Thank you for your support.
