Audiences Delighted by All Shook Up

by Ms. Schoonmaker, High School Musical Director

On March 16, 17 and 18, Fabius-Pompey students entertained our community with three delightful performances of *All Shook Up*, the rock musical based on the wonderful songs of Elvis Presley. A hard-working team of 6th through 12th grade technical theatre students “made the magic happen” on stage, while our high school performers brought this hilarious and poignant story to life. Parents, community members and Fabius-Pompey faculty helped to build sets, create costumes and props, work backstage, play in the pit orchestra and prepare food to support our students’ efforts. This remarkable team effort not only produced three wonderful shows, but it also helped our students grow, learn and have great fun working together.

A professional adjudicator from the Theatre Association of New York State (TANYS) came to watch a performance of *All Shook Up*. He then gave the cast, crew and creative team constructive feedback to help them develop their skills further. He was impressed with the way the entire cast and crew worked together and the ways they supported each other to tell this humorous story. Our cast, crew and production team learned a great deal from the adjudication process and were granted these special awards in recognition of their work.

Meritorious Achievement in Ensemble Performance to the Cast

Meritorious Achievement in Performance to Owen Lee for his portrayal of Chad

Meritorious Achievement in Acting to Blake Masters for his portrayal of Jim Haller

Meritorious Achievement in Acting to Mia Trail for her portrayal of Sylvia

Meritorious Achievement in Acting to Grace Swanson for her portrayal of Natalie Haller

Meritorious Achievement in Vocal Performance to Joey Britschge for his portrayal of Dennis

Meritorious Achievement in Choreography to Lauren Puente

Excellence in Costume Design and Management to Cathleen Swanson, Lori Britschge, Amy Trail and Kristin Palazzoli

Excellence in Musical Performance to Dan Williams and the Orchestra

Excellence in Direction to Susan Schoonmaker and her Production Team

These awards help us to appreciate the outstanding work being done in our Fabius-Pompey Theatre Program. We are grateful for all of the people who worked so hard to make it possible for our students to grow, learn and have great fun working on this production. We are very happy our district is so supportive of the Arts!

We look forward to recognizing the outstanding work our theatre students have done this year at our Theatre Awards Ceremony on Wednesday, April 26, at 7:00 p.m. Please join us for this celebration of the Theatrical Arts at Fabius-Pompey!

FROM THE BOARD OF EDUCATION

Each year, the budget development process starts in January and is ongoing through the spring until final adoption. It is a deliberative process, establishing a delicate balance between the District's financial requirements, including the many state mandates, and the District's needs and wants. When allocating resources, we look to improve educational opportunities while keeping pace in creating a setting for our students to remain competitive. It is not a requirement for us to offer the 'Honors and AP' classes nor the many extracurricular activities provided. We offer them to make sure our students are provided a well-rounded education and have opportunities to be successful.

As with many businesses, school operations may need to change for our students to remain competitive. Starting this fall, to give our youngest students a head start, we will offer a universal pre-kindergarten program. At the high school level, the Board has given administration the authority to go ahead and develop a STEAM program. When fully implemented, the STEAM program will truly help make our graduates college and career ready. We are really excited with both of these initiatives and the impact that they will have on our students.

Since 2012, one of the state mandates affecting school districts is the 2% tax cap. The tax cap is an ever-moving target calculated using a complex formula that is somewhat difficult to plan for or predict. Because of the way the tax cap is calculated, this year our tax cap is 2.18%. During the last two years, we all have felt the bite of inflation. In 2022 inflation averaged 8.6%. No matter what you buy -- food, clothing, a new or used vehicle, or agricultural farm supplies -- inflation is affecting all of us, including the school budget.

The budget is a spending plan that needs to be educationally sound while being fiscally responsible to the community. We need to engage sound fiscal school management practices for the strategic long-term financial welfare of the District. We used fund reserves to offset future expenses as we maintain a balance between revenue and expenses. In doing a detailed review of the budget during the last few months, we were able to adjust some budget line items. Even with inflation over 8% and some major line item increases, we were able to bring the proposed 2023-2024 budget in at \$20,839,633. This is an increase of 4% over last year's budget. As you all know, a budget has two sides, expenses and revenue. On the expenses side, even with some significant increases in cost due to inflation, we were able to adjust some line items. On the revenue side, in addition to some carryover federally supported aid and additional grant money, we received some additional state aid. With your support, our proposed tax increase is 2.18%, held at this year's state law allowable tax cap.

With all this said, what it really comes down to is that you are voting on our spending plan, the budget. The 2023-2024 budget you are voting on is \$20,839,633. Considering the current average inflation rate of nearly 9%, the Board has made the decision to use \$917,833 of our fund balance reserves to keep the levy in check. By using this fund balance, the tax levy will have an increase of 2.18% with an estimated tax rate increase of approximately the same percentage.

The Board continuously strives to maximize the efficiency of all working parts while maintaining excellence in our schools. Considering student needs and District obligations, while being respectful of our neighbors and their resources, Board members have thoroughly reviewed each of the 200-plus budget line items. Working together with the engagement of the community, administration and staff, we have approached the budget

development process with creativity and efficiency. We have tried to maintain the balance between keeping our program cost down while remaining committed to being the best District we possibly can be.

We will always continue to look for ways to improve and are open to any ideas, budget or otherwise, that will benefit our children and our community. Thank you to our community members who have attended Board meetings during the past year, providing input for District programs and making budget recommendations. Please exercise your right and responsibility, and vote on May 16.

HIGH SCHOOL CHORUS NEWS

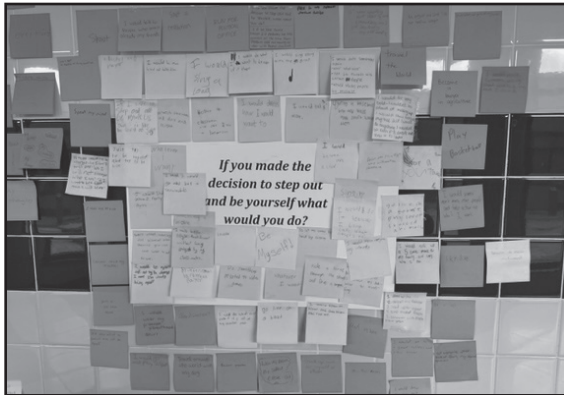

by Holly Aust, 10th Grade Student

Our High School Chorus made a special trip to see the musical *Come From Away* at the Landmark Theatre in Syracuse. We spent time learning the history of the show before we went. Mr. Neuner and Ms. Schoonmaker, our two chaperones, helped us appreciate what life was like here in Fabius during the September 11th attacks and why this is such an unusual and interesting piece of musical theatre. To create this show, the writers interviewed thousands of people who were involved with the September 11th grounding of 38 airplanes in Gander, Newfoundland. They chose a few of these stories to tell through the work of 12 performers who each played several different roles. We enjoyed the amazing singing and acting performances that these wonderful actors portrayed for us. We liked how the story was based on real life events. This made the show much more interesting, breathtaking and emotional for us. Over all, the high school chorus loved this show and the experience that came with it. Before we went to the performance, we went out to dinner at the Spaghetti Warehouse and had a delicious meal. We all got to spend time with each other and have fun outside of school.

For our spring concert the high school chorus invited our middle school students to join us in singing *FireWork* by Katy Perry as our grand finale. We think this song communicates an important reminder about stepping out

and daring to be yourself. We also invited our English teachers to have students in their classes

respond to questions related to the song. Students in grades 6-12 wrote anonymously on sticky notes and we put them on the wall outside of the auditorium for the community to see. The four questions we asked were: What inspires you? What makes you unique? Who can you rely on when you're feeling down? What would you do if you would step out and be yourself? We did this as a community project to get students thinking and to learn what students would do if they chose to really be themselves. We were very pleased with the answers people shared. We also loved singing the important message of this upbeat rock song together with our audience.

HIGHLIGHTS FROM TEEN INSTITUTE'S KIDS' NIGHT OUT

HIGH SCHOOL NEWS

by Mrs. Henderson, Assistant Principal

Fabius-Pompey Central School District has long been a place of high-standards and achievement, with a strong emphasis on the connections made and relationships built. Many stumble upon this small, rural town, realize what a gem it is, and determine that this is a wonderful place to have a career and influence many students.

We have faculty members who go above and beyond their duties and responsibilities because they truly believe in the work they do each day. They believe in the content they teach, and they are always student-centered. With this educational philosophy, we have students who continue to reach back out to our educators even years after they have graduated from Fabius-Pompey CSD.

I would like to honor one educator, who has made a difference in many students' lives. For one student at the Rochester Institute of Technology, math teacher Kevin Sharpe was honored with the award of top influence of study from former student Bryson VerDow. Bryson was recently placed in the top 1% in his course of study. RIT honored all guests with a dinner at the university and presentation of the award.

Thank you, Mr. Sharpe, for all you do to contribute to F-P!

FUTURE TEACHERS CLUB NEWS

by Mrs. Piano, Advisor

On Thursday, March 9, three students in the Future Teachers Club went to visit Le Moyne College. We started with a tour of the campus with F-P alumnus Ryan McManmon as our tour guide. We learned a lot about all of the different places on campus, such as the academic buildings, the dorms, the library and the dining hall. We then went to the education office to meet some professors and find out more about their program. The students got to participate in a sample lesson that would be taught to sophomores in college, and they wowed the professor with their analytical skills. Then, for everyone's favorite part of the day -- lunch in the dining hall! They loved the variety of food and restaurant feel. We ended our

day with a trip to the bookstore where we were given free Le Moyne t-shirts. All in all, it was a great experience that allowed our students a glimpse of what college is all about and showed them what it takes to become a teacher. We hope that next year we will be able to visit SUNY Cortland to learn about their education program.
