FROM THE BOARD OF EDUCATION

Dear Fabius-Pompey Community,

One of the responsibilities of the Board of Education is to ensure that our facilities stay in shape and meet the needs of our students and staff. During the last few years, we have been busy dealing with Covid and working through a change in district and school leadership. After working through these changes and paying off some past capital debt we are now ready to proceed with a new capital project.

During the past year, the Fabius-Pompey Central School District has been working with SEI, an architectural design group, to complete a comprehensive study to assist the Board of Education with immediate and long-term facilities planning. We are required by the state to do a facility needs review like this every five years. As part of this review, the architectural group did a thorough study on building needs. To help with this review and prepare the report, SEI also met with the District leadership team, staff, maintenance department, and board facilities committee for input on our building needs and educational programming needs. A report was prepared with the suggested items to be included in the current capital project and items needed for future, long-term planning. During the past several months, the board facilities committee met with the architect, the District leadership team and staff. We carefully reviewed and discussed the proposed recommendations in the study. We prioritized the needs of the District, considering physical building needs along with items needed to enhance student education and learning. The last big project had a concentration of updates in the Elementary School. This time we have a concentration of facilities work in the Middle School-High School.

This project consists of safety, maintenance and facility updates to keep our buildings in shape and to meet the educational needs of our students. Some of the project work for the buildings and site improvements along with student needs is identified below. To reduce the project cost the board decided to hold off on some of the architectural firm’s recommended updates. These updates will be included in a future capital project.

This project includes:

**Elementary School:**  
Security upgrades; including upgrades to support cameras. Maintenance upgrades; including water tank and parking lot repair. Athletic fields; work on the varsity, JV and modified ball fields, dugouts and fences.

**Middle School-High School:**  
Security upgrades; including upgrades to support cameras and to update/replace the fire alarm and PA system. Maintenance upgrades; work on windows in the Middle School area. Asbestos abatement. Bathroom renovations to meet code. Water tank replacement. Replace rooftop heating ventilation/cooling units. Modifications and upgrades in the cafeteria. Replacement of high school gym floor. Renovate tech room and classroom areas to support STEAM educational programming. Athletic field; soccer field, lighting and bleachers.

During November we held meetings with community groups to discuss the project and answer questions. A public presentation was held on Tuesday, November 28, at 6:00 p.m. in the Middle School-High School auditorium to discuss the project. If you were unable to attend the meeting and have questions, please feel free to contact any board member. You can also contact the district office and speak with Superintendent Dr. Joe Peck or with Dan Silky, Assistant Superintendent of Business Services.

**Financial Information:**

Total Project Cost:	\$19,100,000
Capital Reserves:	\$405,000
Estimated State Building Aid:	83.50%
Cost to Taxpayers (after use of reserves and building aid):	\$4,400,000
Estimated Increase to Tax Rate Per Thousand of Your Assessed Taxable Home Value:	\$0.97

The Fabius-Pompey Board of Education is asking for your support at the December 5 vote so we can move forward with this project.

Thank you for your time and support.

FROM LLOYD L. PECK, ED.D.  
SUPERINTENDENT OF SCHOOLS

Dear Parents, Guardians, Students, and Community Members,

As we approach the holiday season and the end of the calendar year, we have important updates to share with you regarding an upcoming Capital Project Vote and the overall success of our school.

On Tuesday, December 5, the District will hold a crucial Capital Project Vote. This vote will determine funding for much-needed improvements to our school infrastructure, ensuring a safer and more conducive learning environment for our students. We encourage all eligible voters to participate in this important decision. More information about the project and the voting process will be shared in the coming weeks.

As the days grow shorter and colder, we're getting ready to embrace the upcoming winter season. Our maintenance team has been hard at work preparing the school for the changing weather. Snow removal plans are in place, and the heating systems have been thoroughly inspected to keep our students warm and comfortable.

We're thrilled to report that students and staff are settling into their routines and developing a sense of comfort. Our dedicated teaching and administrative staff are working tirelessly to create a welcoming, engaging, and secure learning environment.

Our Universal Pre-Kindergarten program continues to thrive. We're pleased to report that UPK is running smoothly, and our youngest students are making fantastic progress. We owe a huge thank you to our talented UPK educators and the families who support their children's early education journey.

We value the active involvement of our community members in the school district. Here are a few ways you can stay connected and contribute:

- Attend public meetings to stay informed about the Capital Project and other school initiatives.
- Consider joining our parent-teacher group, the Association of Parents, Teachers and Students (A.P.T.S.), to participate in school events and community projects.
- Volunteer opportunities are always available. Your help is greatly appreciated.

Please note the following important dates:

- Tuesday, November 28: Capital Project Public Forum
- Tuesday, December 5: Capital Project Vote
- Monday, December 25, through Monday, January 1: Winter Break (School Closed)

For the latest updates, visit our school website at [www.fabiuspompey.org](http://www.fabiuspompey.org). I encourage you to reach out to us with any questions, concerns, or suggestions.

### FABIUS-POMPEY CENTRAL SCHOOL DISTRICT ATHLETIC HALL OF FAME

The Fabius-Pompey Central School District is working toward inducting athletes, coaches, teams and individuals to the Fabius-Pompey Central School District Athletic Hall of Fame. The purpose is to motivate current athletes, connect the past to the present and develop pride in the rich traditions of Fabius-Pompey Athletics. In addition, the Hall of Fame will recognize and honor the accomplishments of athletes, teams, coaches and individuals who continually strived for excellence during their time here at F-P.

Athletic Hall of Fame induction ceremonies are held annually. Athletes, coaches and other individuals will be inducted in even years (2024, 2026, 2028), and teams will be inducted in odd years (2025, 2027, 2029). An induction ceremony will be held every spring.

The Hall of Fame committee is seeking nominations for consideration for future inductees. Nomination forms can be found on the Fabius-Pompey website at [www.fabiuspompey.org](http://www.fabiuspompey.org) under Athletics. Nominations are due no later than February 1 for inductions for the current year. Please send completed forms to:
